Date :

Dear Sir,

Sub: Permission for Industrial Visit – Reg.

As you may be aware, PGP College of Engineering and Technology is one of the most reputed Engineering Institutions in Namakkal District Tamil Nadu, first Engineering College in Namakkal district and known for its excellent record in academics and co-curricular activities. The College offers Bachelor degree course in ECE, EEE, CSE, CIVIL and Mechanical. The state-of the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of the curriculum, the students are required to undertake Industrial Visits during Induction Programme to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

In the above background, A batch of about one **hundred and fourty nine students (149) Students** of First year Engineering Students accompanied by **Four (4) Staffs** members are willing to visit your esteemed industry preferably **on/during November 25th 2022.**

I request you to kindly accord the necessary permission for the above visit and arrange for guiding the students.

We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

We shall be grateful for a favorable response.

Sub: Permission for Two days - Industrial Visit to Enterprise Computing Solutions P Ltd in Thiruvananthapuram, Kerala

Respected Madam,

We are pleased to inform you that we have received the permission for the industrial visit from Enterprise Computing Solutions P Ltd in Thiruvananthapuram and Cochin for two days (01.04.2022 & 02.04.2022). The Students of CSE(Year II to IV)-57 nos are to be accompanied by 03 faculties(Gen-01 & Lady-02) for this visit. The schedule for the visit is enclosed along with the student name list for your kind reference.

We request you to kindly provide us the permission for the industrial visit.

Thank you

Yours Sincerely,

28/3/22

Enclosure:

1.Industrial Visit Permission form Enterprise Computing Solutions P Ltd.
2.Name list of the Students.

INDUSTRIAL VISIT REPORT

On 02.04.2022

Enterprise Computing
Solutions Pvt Ltd

INDUSTRIAL VISIT REPORT

Company Profile:

Enterprise Computing Solutions Private Limited is the new Avtar of Comp-Ware, which ruled the Information Technology space in Kerala from 1986 to 2003. Starting as a small retailer for consumables, Comp-Ware grew to establish itself as an undisputed leader in the Information Technology Hardware & Networking, driving Concept Sales and innovative Marketing initiatives, leveraging on a high level of Technical Competence and experience gained from wide exposure to the Indian Industry in the early 1980's. Obviously this helped it in integration and implementation of leading-edge Hardware technologies in the State of Kerala, South India.

Comp-Ware, the predecessor of ECS, also had a Software group working on customised applications since 1994. This group helped small enterprises to automate their operations. Perhaps Comp-Ware was, in 1994, among the first few organisations in India to roll out a software

product. Migrating from Hardware integration and value addition, Comp-Ware rechristened in 2003 as Keystone Information Systems to focus on the business vertical of Systems Design and development of Customised Software Solutions and Products. With a list of good clients, Keystone established itself as a serious Software Developer. By 2013, Keystone Information Systems came to be known as Enterprise Computing Solutions. After fifteen years in the Software Industry focussing on developing software products, ECS became a Registered Company under the name of Enterprise Computing Solutions P. Ltd in the year 2017. In 2018 it moved to its own building in a prime location in the City. It has now widened its Product and Services base and intend to become a significant player in Product Development in India.

ECS has a robust history of reliable resources and a dependable manpower base. The repertoire of domain expertise in ECS is commendable, leading to applications that are highly sensitised to changes.

Exposure to a wide range of Business applications is a distinct advantage only ECS can boast of. Thus, when associating with ECS, you are not just talking to a vendor. You are drawing on almost 40 years of experience, wisdom and a robust domain knowledge which has been sharpened by continuous upgrades and a solid Management acumen.

Details of Industrial Report :

The industrial visit to ECS[Enterprise Computing Solutions Pvt Limited] was organised on 02nd April, 2022 for II, III and IV Year students. Mr. Rency Ninan Mathews who is a part of ECS hiring and recruitment team gave an introductory session. He laid emphasis on the fact that academia teaches the basis to survive in the ever growing IT industry.

The next speaker was Mr. Libin James who themed his session as 'The experience of a new beginning'. He gave insights about ECS, its IT businesses, consumer care and lighting, and infrastructure engineering. He also gave a brief history about ECS's establishment and its initial stages of growth till this days ranking of being among the top 100 IT company. He also informed about the code of conduct at ECS which keeps the employees ever encouraged. These were being passionate about their work, respect, becoming global and responsible and unyielding integrity. Some of the forces driving change are globalisation, economic crisis, circular economy, resilient dynamism, evolving business modes, explosive technological changes and laws and regulatory norms. He discussed about

value creation, digitalisation, digital eras, challenges faced and how a new way of thinking can help combat some of the problems, innovations at ECS, entrepreneur, enterprise, future applications, technological lines and current trending technology. The session was followed by quiz where multiple questions regarding technology was put forth for the students to answer.

Conclusion :

    Overall the take away from this industrial visit was immense and this has truly been a wonderful day spent at an amazing company that nurtures young and talented minds.

DETAILS OF JOURNEY:

PGP college of Engineering & Technology had organized an industrial visit on 2th April, 2022 to ECS(Enterprise Computing Solutions Pvt Limited) for the students of Computer Science and Engineering.

In reference to this, the ECS has sent the permission letter on 28.03.2022 to visit the ECS Private Ltd, Thiruvananthapuram on 2.04.2022. The department students arranged a private transport facility for this industrial visit and planned for sightseeing (schedule enclosed). The students booked S.K.G Travels as a two day visit to Cochin and Thiruvananthapuram.

The visit was organized by Professor of Computer Science and Engineering branch Mr.K.Sathish. Mrs.M.Preetha & Mrs.A.Savariyammal Caroline & K.Sathish, were the Faculty members for the industrial visit.

We started travelling from the college campus at 11.00 pm via bus. Totally 57 students along with 3 coordinators faculty were there in the journey and reached ECS Private Ltd by 10.30 Am, Mr. Rency Nian Mathews of Human Resource team guided us for Industrial Visit.
